

Withdrawal Information

Union members are reminded that they must send a letter to the Local 72 office withdrawing from the Union when on a leave of absence, layoff or when employment is terminated not pending arbitration. You are liable for the dues for the month in which you withdraw. You must continue to pay dues when on disability, workers compensation, line of duty injury or when suspended awaiting arbitration.

Withdrawal is **YOUR** responsibility. Failure to pay dues for a period of three months will result in suspension of membership and privileges.
